

Motion Submission: Podcast Software

TO AMEND: To implement a podcast software plug-in on the new website

Motion Title: Migrate New Website Into Permanent Position

To Amend: The committee had originally approved a working copy of the new website, dependent on final approval before the completed site could be navigated into place.

Current: The current working copy, found at: <https://hope.oafootsteps.com/>, is nearing completion. We are welcoming final feedback and tweaking last minute details. The original motion was dependent on final approval from the VIG before migration could take place.

Proposed: To migrate the completed new website into the position of our old website at: <https://oafootsteps.com>.

Primary Purpose: Tradition Five: To carry its message to the compulsive overeater who still suffers.

Intent: To provide a primary platform for all our members, and to meet the needs of our intergroup and all its day-to-day operations.

Rationale: To bring our website to a standard that is in keeping with the suggested guidelines of OA.org, as well as providing a platform that is inviting and informative, that can continue to grow with our intergroup.

Implementation: The work to migrate the site, once approved, would commence on February 27th, 2021, and continue until it is complete. To ensure there is minimal disruption to our website, we have chosen to commence this task on a Saturday, since it is our quietest day according to our web traffic reports, and we would hope that the migration plan will go smoothly, leaving us time to check links, and ensure everything is in working order.

Cost: nil

Time Frame: 2 days, commencing on February 27th, 2021 - or until completed

File Upload: Empty
