

Motion Title:

Zoom Business Accounts - Multiple {On behalf of other OA Service Bodies}

To Amend:

Zoom Business Account - Singular

Current:

We currently have one business account with Zoom which gives us 3 Pro Accounts + 2 Free, each of which have a 300 participant capacity for \$67.77USD per month.

Proposed:

To purchase another package[s] on the behalf of other service bodies: intergroups, or groups of meetings, that may wish to take advantage of the same deal we currently enjoy. As our ZOOM package comes up for renewal {October 6, 2022}, these groups can then splinter off to their own accounts, separate from OA Foot Steps entirely. They, and ourselves, will continue to have access to this special offer, and will then be in a position to further grandfather this deal to other intergroups.

Primary Purpose:

To offer other OA service bodies: groups and intergroups, a prudent option, as they continue to carry the message to other compulsive eaters,

Intent:

We are in a unique position to offer this same deal to other groups of meetings and/or other intergroups! We are in a position to share this among our fellow service bodies, without any impact to our own zoom platforms. For a price that is LESS than a regular Pro account on Zoom per platform, we are able to offer them a 300-partipant capacity for each meeting! That cost alone, on Zoom is normally an additional \$50 or so, for EACH platform.

Rationale:

The deal we have here at OA Foot Steps is not available to others. We were extremely fortunate to have been offered this package when we were. Zoom has confirmed that they will NOT offer this to other intergroups or groups of meetings.

Implementation:

As an agent of this package we would process the request/application. Upon approval, the service body would be given joint-ownership access to 3 Pro Accounts + 2 Free, each of which have a 300 participant capacity for \$67.77USD per month - which would then become their own entirely their own when our Zoom contract comes up for renewal [every two years].

We could also retain an additional set of five meetings ourselves, which we could offer out singly to specific groups, that each group would pay one fifth of the cost of the \$67.77 platform {approx: \$13.56 USD/month}. The only difference for this would be that upon our contract renewal date with Zoom, the single meetings would remain within our Zoom package to ensure they continue to enjoy the benefits of this package.

The service body's Zoom accounts applying would be incorporated into the new package so their meeting numbers will remain the same.

Cost:

The cost is \$Nil for OA Foot Steps/ An additional \$67.77USD per month, per package will be paid for entirely by the Service Body who applied for the package.

Time Frame:

This process may take a few weeks to set up with our Zoom manager, and will be entirely dependent on any vetting/application process that we might choose to implement.
