

**Motion Title:**

Remove the TikTok link/logo from OA Footsteps website

---

**To Amend:**

The TikTok link/logo being on our website

---

**Current:**

We currently have a link/logo for this OA TikTok channel on the Let's Connect area of our website. This makes it appear that this is our (OA Footsteps) official TikTok channel. OAWS has a Public Information Committee that is designed for OA as a whole to decide how OA represents itself in public media, but they are not involved.

---

**Proposed:**

Remove the link/logo, and encourage the Creative Reprieve group to remove their videos from TikTok for now, and instead submit them to the OAWS Public Information Committee for consideration by OA as a whole, or to remove any reference to OA.

**Primary Purpose:**

To uphold Tradition 4

---

**Intent:** To allow OA as a whole to decide on how/whether OA should be represented on TikTok.

**Rationale:** The videos posted on the TikTok channel appear to be official OA videos, so that affects OA as a whole. OA as a whole should get to decide whether OA is on TikTok, and if so how.

- 1) **Implementation:** The Web team will remove the TikTok link/logo
- 2) **Cost:** none
