

Motion Title:

To purchase the Pro Version of Canva

To Amend:

n/a

Current:

We do not currently have the Pro-version of Canva available to our OA Foot Steps Virtual Intergroup.

Proposed:

To purchase the Canva Pro online web-based program to have the ability to create graphics for flyers for events, for social media and other applications on the OA Foot Steps VIG website.

Primary Purpose:

To carry the message to compulsive eaters who still suffer

Intent:

To provide our committee[s] with the creative tools they need to create appropriate media to promote, or create creative projects as required.

Rationale:

Visually, Canva Pro makes it easy for teams to achieve their collective goals and create professional-looking designs together. We do not currently have this type of program available to our members, and the pro version would give up to five members within our committee the full benefits of Canva, as they are working on specific projects for their committees. This will prove especially useful for our PIPO committee, for our Workshop committee, and any other ongoing events, and/or social media channels on OA Foot Steps VIG.

Implementation:

-
1. Purchase the pro version
 2. Assign appropriate users on the account.
 3. Add/Edit users as applicable ongoing

More info here: <https://www.canva.com/pricing/>

Cost:

\$16.99/month or \$149.99/year

Time Frame:

immediate, although the plan does offer a free 30 day trial
