MOTION STATEMENT: Move to designate the Workbook for Compulsive Eaters as locally produced literature for use by OA Foot Steps Intergroup meetings.

INTENT: Designate the Workbook for Compulsive Eaters as locally produced literature for use by OA Foot Steps Intergroup meetings. The intergroup would be able to buy the book at cost and still sell it for the advertised cost plus, shipping, and handling.

COST: There would be the initial cost of the discounted books, plus printed labels to designate the books as locally produced literature for the OA Foot Steps Intergroup. The books would then be sold at the normal advertised price, and shipping and handling costs would be added to that. This should generate income for the intergroup.

IMPLEMENTATION: Distribution needs to be managed by an OA Foot Steps Intergroup committee. The most likely committees are the Literature, Twelfth Step Within, or the Sponsorship and Outreach committees.

PRIMARY PURPOSE AND RATIONALE: To assist OA members to translate the message of the AA Big Book from the perspective of Overeaters Anonymous.
